[customize_usagedetail.csv](#)

Definitely. If you log in to the site, you click on "Manage Account" then Reports.

From there you scroll down to "build your own report" then "usage details", then "build report". From there you want to hit the + sign next to voice usage, and choose "minutes, date, and number" to add to the report, then submit. You will then come to a screen where you choose from what date to what date. I did it and chose October to Now and got the attached file.

Sincerely,

Is there anyway we can just see it online and not have it come in the bill?

Hi Matt,

Where is the "detailed calling" I am looking individually on each person's phone but do not see. Let me know when you

get a chance!

Thanks Matt!
Brandy

Yes you should be able to see it online now.

We can always turn "detailed calling" on for each line as well so the call details print on the bill moving forward?

Hi Matt!

Sorry I did not get back to you yesterday. John wanted to know if we have access to the call logs on each phone number. When we get our Verizon statement, it only shows minutes, data, etc. But it does not show the call log. He was just wondering if we have this access? And is it something we can access easily? I believe John may have wanted to look something up. He wants to know how easily accessible it is. If we have to setup a new log-in then we can pass, but for right now he just wanted to know.

Thank you!
Brandy

Hi Matt!

Joe has sent me the Verizon information and I have created the account. I am actually out of the office right now. Can I email you regarding the phone log records for the cell phones on Tuesday? John had mentioned if we have to create a new account setting to open this that it would not be necessary. But we wanted to check with you first.

Sincerely,

Brandy Turnbow

Brandy - Regarding your last line question, are you referring to the wireless calls? Those should be on the bill. If you are referring to your desk phone, you'll need to open an SOS ticket request and provide the number and date range. I'll send you and John individual emails with your login information.

Brandy Turnbow: brandy.turnbow@lacity.org

This access is to view/download bills and to order equipment/services as well.

John would also like to know if we can get access to our phone call logs. Is this something you could help us with too?

Thank you!

Brandy Turnbow

Subject: [E] Verizon Phone Log Information

Hi Matt!

Happy Friday! John Lee had a question regarding our account phone logs. Is there anyway we can have access to them? When we receive our bill we only see the general statements. Lastly, can we access our account online like a normal Verizon account? If so, do we need any information from you?

Sincerely,
Brandy Turnbow
